RUSSO-GERMAN SECRET WAR PLOT NOW BARED

TUMULT TO NIP ROW RUMORS

To Attend Cox Notification As Wilson's Representative

DEEMED HIGHLY SIGNIFICANT

Shows President's Approval of Nominee's League Attitude

WASHINGTON—President Wilson's dispatch of Secretary Tumulty Thursday to Dayton, Ohio, as his representative to the Cox notification ceremonies Saturday, was regarded as highly significant here.

Political observers here regard the move as:

1. An indication of the president's intention to take part in and keep himself in close touch with the campaign.
2. An expression of the president's complete satisfaction with the Democratic nominee's attitude toward the league of nations issue, setting at rest rumors of a disagreement started last week by the announcement of George Whitte, Democratic national chairman, that Cox would make "progressive" the paramount campaign issue, instead of the league, as Wilson had urged.

While in Dayton Secretary Tumulty will probably confer with Governor Cox and Democratic leaders assembled for the notification.

BIG PARADE PLANNED

DAYTON—(By United Press).—A crowd of between 5,000 and 70,000 people will attend the notification ceremonies of Governor Cox Saturday, according to present indications. J. Spring McMahon, chairman of the local arrangements, predicted Thursday.

Reports to the Democratic state committee that 50,000 Cox boosters will be in the parade, just before the formal notification at the Montgomery fair grounds. Of this number, it is expected 15,000 will be visiting Democrats and 5,000 local enthusiasts.

The city is making arrangements for the greatest number of visitors in its history, McMahon said. Special trains will be run from several points in Ohio and Indiana, while smaller delegations are coming from such distant points as Massachusetts, Louisiana, Texas, California, the Pacific northwest and Montana.

TESTS VOICE AMPLIFIER

Governor Cox Thursday personally approved the arrangements for the ceremonies. From the judges' stand on the race track, where he will speak Saturday, tested a voice amplifier which will carry his voice to the outskirts of the huge crowd that is expected.

Local Democrats are making every effort to break all records. Wednesday at the fair grounds, to do this, they will have to pass the 65,000 mark, which was established when Goldsmith sold broke her famous trotting record. W. J. Bryan drew \$5,000 to the same scene in 1896. Seats and shelter for only about 5,000 are provided, but there is room on the race track and roundabout for at least 100,000, it is estimated.

STREAKS AT PICNIC

Local Democrats are praising the short talk the governor made at the Democratic club picnic Wednesday and are particularly pleased with the fact that he used short epigrams, metaphors and illustrations in "putting" over his ideas. "It is evident that the governor in his stump campaign will make few addresses with long, involved discussions of political issues, but instead, will endeavor to make a strong popular appeal."

For example, at the picnic, he said:

"The opposition is doing what we farmers used to do—plowing around the stump—seeking to avoid things that perplex."

He also declared that every school child could understand his speech on Wednesday.

The greatest cheers from the picnic crowd came when Cox spoke, from a boxing ring, shouted:

"Boys, I am ready for the fight!"

POTATO PRICES TO BE CUT IN HALF

Drop Seen in Big Crop and Early Rush to Market

MADISON, Wis.—(By United Press).—Potatoes, generally regarded as a food staple, but more recently forced into the luxury class by high prices, will soon sell for half their present price, it was predicted Thursday by officials of the Wisconsin and the state agricultural department.

Wisconsin, the banner potato state, will soon harvest its greatest crop. According to officials, there will be no holding back of the crop, but it will be on the market or enroute by Christmas.

The losses thru dry rot, suffered by farmers last year, has served as a lesson, it was said.

EUROPEAN CLASH COMPARED WITH 1914

(By Associated Press.)

The march of the Russians on Warsaw has created a situation which is causing grave anxiety in European capitals. Some expressions go even to the extent of comparing it with that of August, 1914.

The allies are making representations to soviet Russia in aid of Poland, the British note dispatched yesterday being now described in some quarters as in the nature of an ultimatum altho allegations that it contained a threat of war are not confirmed in authoritative quarters.

The Russian emissaries now in London are re-

ported to have recognized the gravity of conditions and to be urging their government to halt the Russian march in Poland.

In recent days the allies have been making an effort thru British governmental channels to induce soviet Russia to halt her campaign against Poland, after having notified the Russians that the allies would assist the Poles if Russia made war upon the Polish people.

The expressions of anxiety over the situation which came from London follow the developments of Wednesday night when a conference was held between Premier Lloyd-George and his right-hand

man, Andrew Bonar Law, on the one hand and M. Kameneff and Krassin, two of the soviet emissaries in London, on the other, after which the reported message from M. Kameneff to his government asking that it accept immediately the original British proposals for an armistice with Poland was dispatched and a reply was being awaited.

Most Americans, excepting welfare workers and others having business in Warsaw will have departed from Warsaw by Friday night, it was announced by the authorities. More than 300 have already left for Danzig and the American Legation has arranged for 300 seat reservations on trains leaving Friday.

PACT ENTERED TO CRUSH POLAND

New Republic to Come Under the Rule of Berlin

BRITAIN BEGINS MOBILIZING

French Troops Massed Along Rhine Ready for Action

LONDON—(By Associated Press).—Soviet Russia concluded a secret treaty with Germany concerning Poland a few weeks before the great Polish offensive began, says a correspondent of the London Times. The treaty, it is asserted, contained the following provisions:

Russia, without interference from Germany, would be allowed to appropriate all of Poland's arms, munitions, rolling stock and foodstuffs. After the conquest of Poland, permission would be given Russia to send a number of Bolshevik commissaries into that country to control the export of Polish supplies of all kinds.

WOULD GO TO GERMANY

Russia would then undertake to completely evacuate Poland in favor of Germany, which would hold the country as a guarantee against future credits to Russia in return for German goods and German labor.

"Russia," the correspondent adds, "intends to try to avoid the terms of this treaty by the creation of a Polish Bolshevik army, the first steps in the formation of which are now being taken in occupied areas of Poland. When Russian withdrawals from Poland will leave this Polish army, permitting Germany to take such steps as she can to face the situation. The Bolsheviks are convinced that they will be able to hold Poland, and will wage their campaign against Rumania in Bessarabia."

BRITAIN MOBILIZING

PARIS—(By Associated Press).—Great Britain has taken steps to mobilize rapidly, two divisions for service in Poland, according to the Matin, which adds that plans for the transportation and re-equipping of this force have been prepared. News of the mobilization of the British divisions for the purpose of assisting France in the campaign against Rumania are being pushed ahead, other papers assert, and the bureau which has been liquidating the German and Russian certain previous engagements.

FRENCH TROOPS READY

BERLIN—(By United Press).—French troops are being massed along the Rhine, ready to proceed thru Bavaria to the aid of Poland, according to liquidating from German cities received here Wednesday night. The French are censoring messages from the occupied territory along the Rhine, but in spite of this, messages are being sent, indicating some troops are on the move.

LONDON ATTEMPTING TALKS

LONDON—(By United Press).—Russian cavalry was unofficially reported Thursday to have actually invaded the "Corridor" thru East Prussia, connecting Poland with Danzig and the sea. One dispatch said the red scouts were only 27 miles from the portals of Warsaw, their operations apparently being unopposed.

Military experts were awaiting confirmation before accepting the report of invasion of the Polish corridor at its full value.

The atmosphere in London Thursday was becoming increasingly tense and there was much discussion of the chances of Britain becoming involved in the war. All sorts of reports were circulated. One was that the government was ready to mobilize divisions and send them to the front. Another was that Earl Curzon's note to the soviet, dispatched Tuesday night, was a virtual ultimatum threatening war.

It was also reported here Thursday that the Germans and Russians had a secret deal under which the Polish "Corridor" thru East Prussia would be wiped out. This "Corridor" was established by the peace treaty.

PIAT AGAINST TREATY

The plain charge was freely made that Russia and Germany were in a conspiracy to upset the terms of the Versailles treaty. The British ministry was understood to be divided on the question of whether such an alleged conspiracy called for allied military action to prevent it being consummated.

Paris dispatches said the council of ambassadors had been called to meet as quickly as possible. Meanwhile, Premier Millerand of France was in communication with Lloyd George, warning him to join in military action against the Bolsheviks, but so far no decision has been reached.

Dispatch from Warsaw to the Evening News dated Wednesday said the Polish legislative delegates who were to have met the Bolsheviks at Minsk for further negotiations, had been held up by the Russian commander at Brest-Litovsk, and that therefore, it was impossible for them to reach Minsk on scheduled train.

ROW IS ON OVER RAIL BONDS

U. S. Commission Objects to Interest Rate Proposed

LINES OFFER 7 PERCENT

Money Needed for New Equipment Within Year

WASHINGTON—(By United Press).—Railroads will offer approximately \$400,000,000 worth of securities to the public in the next three or four months, it was learned here Thursday at the bureau of railroad economics, unless present plans are upset.

Interest rates will be at least 7 percent.

Quick sales of these securities will result in more being put on the market, it was said.

FOR NEW EQUIPMENT

The proceeds will be applied on new equipment of which more than \$10,000,000 worth will be needed in the next 12 months according to present plans. Part of the money for equipment will come from the revolving fund administered by the Interstate Commerce Commission under the transportation act. Railroad officials are now conferring with investment brokers to arrange for sale of the securities. Conferences were begun several days ago in anticipation of the increases allowed by the Interstate Commerce Commission.

A hitch developed, however, which has not yet been overcome. The investment bankers made clear to the railroad officials the securities might have to pay more than 7 percent if their prompt sale was to be assured.

GOVERNMENT DISPLEASED

The Interstate Commerce Commission officials, however, let the railroad officials know the government would view the 7 per cent dividends with displeasure, since the government is not to get but six percent on its revolving fund advances. This conflict is now being worked out among the commission and the railroad officials.

That the railroads would spend before January 1, sums ranging from \$5,000,000 to \$7,000,000 for new equipment were scouted here by rail officials.

NEGRO IS HUNTED FOR ASSAULT

Kentucky Woman, Victim, is Unconscious For Two Days

LEXINGTON, Ky.—(By Associated Press).—A posse of several hundred farmers and county officers armed with guns, ropes and pitchforks, Thursday morning continued to scour Madison, Jessamine and Fayette counties in a search for Buford Monday, mulatto, 28 years old, charged with having assaulted Mrs. Charles Sauer, six-months young, of Valley View, Madison-co, Kentucky, fifteen miles from here.

The posse spent all Wednesday afternoon and night searching for the negro who is alleged to have forcibly entered the Sauer home and committed the assault upon Mrs. Sauer Monday morning. Wednesday afternoon Mrs. Sauer, who is about to become a mother, regained consciousness and told her story.

Said Monday threw a powdered drug into her face.

Monday was seen at Nicholasville, Jessamine-co late yesterday afternoon, according to members of the posse. He formerly was in the army and saw service in France.

BOY BURNED TO DEATH PLAYING WITH MATCHES

NEW YORK.—William Dalton, four years old, was burned to death while playing with matches in his home in North Bergen. He set fire to his clothing and died in the hospital.

His grandmother, Mrs. Richard Dalton, sixty-six years old, was badly burned about the face and arms trying to save the boy.

Bombing Plane For Mexico Seized By U. S. Officials

CALEXICO, CALIF.—An American-built bombing plane, intended for shipment into Lower California, was seized at the border Thursday by United States customs officials.

Lieutenant T. O. Payne, American aviation instructor in the "army" of Governor Canto, who is in revolt against the Mexican federal government, was denied a passport by immigration officials. Payne had been sent to Canto to purchase the plane in Mexico, where it was built, after the American state department previously had refused to export.

Quiet continued in Mexico, across the border from here.

RAIL LIGHT LOSES TOLEDO SUIT

Citizens Will Vote Tuesday on Buying Car Lines

TOLEDO, O.—(By Associated Press).—The Toledo Railway and Light Company, has abandoned its fight against the submission of a seven million dollar bond issue to the voters at the election next Tuesday, it was announced Thursday by attorneys representing the company. The issue provides for purchase of the city's street car lines.

The attorneys who returned from Grand Rapids, Mich., where the United States circuit court of appeals overruled the local federal court, asserted that there is no sufficient time between now and election to permit further litigation. Printings of ballots was ordered this morning.

U. S. INJUNCTION ASKED BY CITY

Martins Ferry Wants Street Car Line Ousted

COLUMBUS—(By United Press).—The city of Martins Ferry, Ohio, petition filed in federal court, Wednesday by City Solicitor Henry G. Pratt, asking that the Wheeling Traction company be enjoined "from operating or maintaining the street railway in, over, or upon the streets and highways of the city of Martins Ferry."

The petition also asks that the traction company be required to remove its tracks, poles, wires and other equipment and property from the streets and "to leave the streets in proper condition."

The petition sets forth that fares were increased in June, 1919, contrary to provisions of the franchise and that the company now proposes a further increase. The old franchise expired Monday. Federal Judge Sater probably will consider the case after he returns to Columbus, August 15.

FOUR WOMEN HELD AS SHOP LIFTERS; GOODS WORTH \$10,000 FOUND

CINCINNATI—With the arrest of four women on charge of larceny the police say they have broken up the most industrious band of shoplifters that ever infested Cincinnati stores. Goods including fur coats, silk sweaters, dresses, etc. all valued at \$10,000 were recovered by detectives from the home of one of the women. They confessed, police allege, to a long series of thefts.

HONORS TO DEAD AVIATOR

FORT WORTH, Texas.—A military funeral will be held here Saturday for Ormer Locklear, noted "stunt" aviator, killed when his plane crashed at Los Angeles Monday. It was announced here Thursday.

The service will be under the auspices of the American Legion. Thursday he was buried in the city cemetery, with a hearse enroute to the cemetery.

BABY OFFERED TO GAIN FREEDOM

Kidnaper of Coughlin Child Barters for Immunity

REVEALS THE HIDING PLACE

Prisoner's Woman Friend Now Sought by Police

PHILADELPHIA, Pa.—"The man" disclosed a August Pasco, of New Gretna, N. J., refuses to reveal the whereabouts of little Blakely Coughlin unless he is granted immunity in the kidnaping.

He is bartering now to exchange the child, stolen from his parents home in Norristown on June 2, for his freedom. He is said to have gone so far as to admit the fifteen month old baby is hidden in Atlantic City.

Important developments in the case are expected Thursday following the disclosure early today that "the man" same as August Pasco, of French and Italian extraction, was recently used in this city and since last week in New Gretna, N. J.

WOMAN SUSPECT LOOMS

An air of anticipation surrounds the home of George F. Coughlin, the missing child's father, on the Plymouth boulevard, outside of Norristown.

A woman, long suspected as having a part in the kidnaping, looms up in the case. An acquaintance of Pasco's, she is known as a woman friend. The state police and postal agents are now on her track and believe she has the child.

She is still being grilled by the state police. He was taken to New Gretna after his capture Monday near Egg Harbor. The visit was admitted by Attorney McAvoy. "Pasco is the man who was in New Gretna at his capture," said the federal official. "I can say nothing more at present."

HAD RIFLES AND LIQUOR

Pasco only recently bought a farm at New Gretna from William Gregory and drove from this city in a motor car last Thursday to take possession, according to W. H. Kelly, railroad agent at Tucker today near New Gretna.

Pasco took three or four rifles and a quantity of liquor to the New Jersey farm when he moved there last Thursday, said Kelly. "He removed the rifles quickly from the motor car into the farm house, and did not appear to want any one to see them," Kelly said. "One of my men who was helping the Gregorys to move, spied the rifles and Pasco moved him away from the car. He said he had a drink of liquor, which man said he refused."

Pasco took several quarts of whiskey and gin to the farm. It was not especially attracted to him until Monday, the day he was arrested. He came to the station early, long before the train for Philadelphia was due to leave.

"He sat in the waiting room, and I should say he had a good case of nerves. In his excitement he would clutch his fingers, making a loud noise, so loud, in fact, I peered thru the window at him several times."

HONORS TO DEAD AVIATOR

FORT WORTH, Texas.—A military funeral will be held here Saturday for Ormer Locklear, noted "stunt" aviator, killed when his plane crashed at Los Angeles Monday. It was announced here Thursday.

The service will be under the auspices of the American Legion. Thursday he was buried in the city cemetery, with a hearse enroute to the cemetery.

MODERN PRISCILLA ROUNDED OUT BY HAT TRICK

NEW YORK.—(By United Press).—No more need the stout ladies roll to reduce, nor the thin ones diet to gain. Dr. Mulliner has found a new way.

This was demonstrated at the fall promenade of the Retail Millinery Association of America here Thursday. It was hats that did the trick.

LETTERS

Write on Proposed Bond Issue and Win One of Three Cash Prizes

Already many letters have been received on why the proposed bond issue for river retaining walls should be carried at the primary next Tuesday. Three persons will receive cash prizes for the best letters. The author of the first best will be mailed a check for \$5 by The News and Times-Democrat, the person writing the second best will receive \$3, and the third best letter will draw \$2.

Everyone is eligible. There are no restrictions except that letters shall not be more than 300 words in length and that they should be signed by the author giving address. They should be sent forth, reasons why the issue should carry. They should be addressed to the editor of this newspaper. Winners will be announced next Tuesday in The News and Times-Democrat.

This contest should appeal to school children as well as voters: Those who are not fully acquainted with the bond issue proposition may secure details from the mayor, service director or secretary of the Chamber of Commerce.

MAYOR WILL SIGN ORDINANCE

Satisfied With Car Fare Boost After Confab With McClure

Mayor Frank A. Burkhardt expected to sign, same time Thursday afternoon the ordinance passed by the city council Monday night granting the O. E. an increase in city fares.

Following a conference with Vice President J. Harvey McClure when he arrived here from a business trip to Philadelphia at noon Thursday, Mayor Burkhardt announced they had practically reached a satisfactory agreement as to improvements to be made by the O. E. and that he expected to sign the ordinance, following a conference with the city solicitor.

Vice President McClure said the increase in fares would be \$1.00 a ride and the company would take up at once contemplated improvements. These will include repainting and overhauling of cars, he said, and the improvement of the roadbed of the tracks in Lima.

Mayor Burkhardt declared Thursday afternoon the only question at issue was whether the new rate is approximately what the company would receive under a cost plus ordinance. He declared the measure was only temporary relief for the company and a readjustment would naturally follow as soon as the reorganization of the Ohio Electric property is completed and the company starts operation under the proposed new franchise.

McClure declared he would take the question of service on the Grand-ave line under serious consideration at once, and within a very short time would have a formal reply to make to council. He said in case service is resumed it will be merely as a test for a period of 20 to 30 days, until it is demonstrated whether or not the line will pay expenses.

Mayor Burkhardt declared Thursday that the business on the line would be checked, in case service is resumed, exactly the same as it would be under a cost-plus contract, with the proposed cost plus charter.

DRY, LEAGUE MEN LEAD IN RACE

Liquor and Covenant Issues Feature Missouri Primaries

RETURNS NOT YET ALL IN

Estimated Vote Given by Independent Republican Paper

ST. LOUIS, Mo.—(By Associated Press).—Political interest in Missouri Thursday centered on the race for the Democratic senatorial nomination as returns of Thursday's statewide primary continued to drift in from the rural districts.

With unofficial, incomplete returns about 50 to 114 counties, and St. Louis, giving Brookridge Long, a majority of 24,241 votes over former Federal Judge Henry S. Priest, the closest of his two opponents, the Globe-Democrat, independent Republican paper, by which the vote was compiled, announced that Long will win with a plurality which may exceed 10,000. His principal strength lies in the rural communities, returns indicate.

Long campaigned on a league of nations and law enforcement platform, Priest, anti-leagues and wet. Charles M. Hay who appears to be running about 13,000 behind Long, was endorsed by the Anti-Saloon League, and is pro-league.

The renomination of Senator Selden P. Spencer, Republican senatorial candidate, was conceded Wednesday night by the organization which promoted the candidacy of Dwight F. Davis, who, with Senator Spencer, led a three-cornered race. Prohibition also entered into the contest. Davis opposing the Volstead law, on which Senator Spencer voted to override President Wilson's veto.

CABLE SHIP LIES OUTSIDE LIMIT

British Vessel Awaits Permit to Enter U. S. Port

MIAMI, Fla.—The British cable ship, Colombia, chartered to lay the South American cable, is waiting at Barbados in the British West Indies, will not enter American waters until permission is granted by the state department in Washington, according to advices received from the British ambassador, Sir Auckland Geddes, by A. H. Hubbard, British vice consul in Miami.

Hubbard was contacted in a long radio dispatch from the ambassador to take command of the cable ship and keep it outside the three mile limit until further instructions from Washington.

Wireless connection has not as yet been established with the steamship Colombia which left Newport News several days ago but it is believed that the ship is now off the Florida coast. The wireless station at Miami is endeavoring to get in touch with the cable ship and the United States destroyer 155 is held at the municipal docks to take the British vice consul to the Colombia as soon as it can be located.

BOY DROWNS IN HATCH

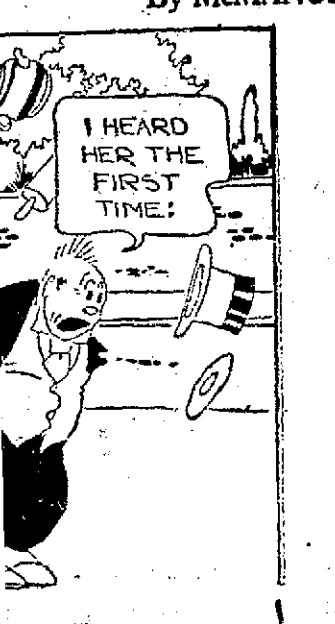

CINCINNATI.—Edward Brummer, 10 years old, son of James F. Brummer, painter of Oakley a suburb, was drowned last night in two feet of water in a ditch, into which he fell while playing.

MODERN PRISCILLA ROUNDED OUT BY HAT TRICK

But it's going to be a hard year for the ostrich. His tail feathers appeared on almost every creation from both sides of the water. The common colors were black, brown and grey. The shapes ran all the way from the Eskimo robe but to an embryo Resolute with all sails and ball-caster set. There were shapes like pine trees, upturned coal scuttles, airplanes, stew pans with handles and hats that looked like a close-up of a disappearing hon.

Most of the exhibits—that is, the hats—were small. Twelve new creations designed in Paris, were exhibited and then sold at auction for \$2.00. The hats were little different from American exhibits, except for the most part they were larger and more like a dish pan—but not too much so.

STRAW -VOTE IS UNRELIABLE

Altho Honestly Conducted It Often Goes Far Wrong

LIMAITES GOING TO DAYTON

Good Sentiment Found Locally For W. A. Julian for Senator

(BY J. W. FISHER.)

In addition to the members of the executive committee of the Allen-Cox club, already named, president L. Earl Ludwig announces the appointment of Edward Youngpeter, well known resident of Delphos and a very active Democrat, Mr. Youngpeter assures that Delphos will have in good season a Cox club, auxiliary to the county organization, that will embrace the greater number of the many adherents of the party in the western part of the county. Delphos can always be depended upon to roll up big majorities for the party of the people and there is no reason to believe that this year will be an exception to the general rule. Martyn likewise is expected to do its part in giving Governor Cox a routing big vote in Allen-co.

"Everything augurs well for a big crowd from Lima and Allen-co at the James M. Cox notification meeting at Dayton Saturday," Francis W. Durbin stated Thursday. "I have been assisting President L. Earl Ludwig of the Cox club and others in the sale of tickets and find there is no small amount of enthusiasm in the proposed visit to the Gem City. The Western Ohio will have three cars ready for the trip, to begin at 7 a. m. Saturday from the Market-st depot. Returning, the cars will leave Dayton at 7 p. m."

Those who have not already purchased tickets are urged by the officers of the Cox club to do so at once, so that the Western Ohio will know how many to provide cars for. "Lima and Allen-co will have a prominent part in the big parade and other features in Dayton, Saturday," said President Ludwig of the local Cox club. "We expect large contingents from Ellettsville, Spencer, Delphos and other points. With the Lima band going along, there is assurance that the enthusiasm inspired by music will be afforded."

MANNIX TO SPEAK FOR DEMOCRACY

Congressional Candidate to Cross
Oratorical Swords With
Frank B. Willis

(Piquette Daily Call)

Political day at the Chautauque will be next Saturday and two orators of ability will represent the two great parties on the platforms. The Democratic side will be presented at 2:30 p. m. by Judge George W. Mannix, of Greenville, well known in Piquette where he has often spoken on non-political affairs and is recognized as a particularly eloquent speaker. His last address here was a patriotic one and made a splendid impression. Judge Mannix is a candidate for the Democratic congressional nomination.

Hon. Geo. B. Mannix, Jr.

The Republican side of the argument will be presented at 4:30 p. m. by former Governor Frank B. Willis, candidate for the senatorial nomination and a speaker of national reputation. His latest oratorical triumph was at the Chicago convention where his speech nominating Senator Harding was said to have been the best argument made for any candidate. Messrs Willis and Mannix are such typical representatives of their respective parties that Chautauque audiences are assured of two splendid political addresses.

OHIO NATIONAL GUARD COMPANY PREPARES FOR TRIP TO CAMP PERRY

If extensive operations which have been planned by Captain Perry are carried thru, the Lima company of the Ohio National Guard promises to be one of the finest in the state. The company is now undergoing a few changes which will permit the men of the company to have more wholesome recreation. A room is being provided containing besides the usual "bunks," a number of pool tables for the use of the company. No gambling of any sort will be permitted in the rooms. The company is now preparing for its annual encampment. The men are drilling regularly two nights a week. They will leave for Camp Perry, Port Clinton on Lake Erie on September 1st and will remain there till the 15th. After they return, the regular weekly drill will be resumed. A tent has been erected on the square for the purpose of recruiting men for the National Guard and regular army service. In Germany, Captain Stout and Sergeant Long, of the recruiting office, will cooperate in the recruiting. Captain Stout said that if enough men could be obtained another Lima company would be formed. Sergeant Long, according to a telegram received from Washington this morning, is now recruiting men, colored, for service in Germany, with the U. S. Infantry. Enlistments in all other branches of the service have been closed. All applicants will have to pass a test which will be as stringent as that of the regular army.

The pastime indulged in by many newspapers during campaign years, of taking straw votes in advance of the election or primary, to determine the prospect of the final outcome of the test of balloting, is just now occupying a considerable amount of the time and attention of those who are concerned in the making of these particular newspapers. There are times, wind blows, but quite often, in affairs political, the reflection is not correct. However, it must be said that, for the most part, an honest effort is made to present the figures fairly and honestly. But when presented by a partisan newspaper they are generally looked upon by the reader as being "doctored" to suit the needs and desires of the particular party the newspaper represents. Most every man is a partisan and only when those who take a straw vote can succeed in dissociating his personal preference from the situation and the newspaper presents exactly what is found, whether it be for or against a favorite candidate, then and then only is a straw vote program honest and reliable. But there are so many instances of fraud and deception that it is not wise for anyone to absolutely pin their faith on the outcome of an election in the manner indicated by a so-called straw vote. Votes in the ballot box on election day are necessary to the success of any candidate.

JOSEPH KING, EMPLOYEE OF B. & O. DIES AT HOME

Joseph King, for many years an employee of the B. & O. shops died at his home, 425 E. McKibben-st., Wednesday night shortly after 10 o'clock. Death resulted after an illness of five months from a complication of diseases. The deceased was 64 years of age at the time of his death, and leaves a widow and nine children. Two sisters and three brothers also survive him. Mr. King was a member of St. Rose Catholic church where requiem mass will be celebrated Saturday morning at 8:30 o'clock. Interment will be made in Gethsemani cemetery.

JONES IS FINED

Admits Running Gambling Game - Others Forfeit Bonds

A fine of \$50 was imposed upon C. W. Jones, 39, bartender, Uhlman hotel, in criminal court Thursday morning after he pleaded guilty to conducting a gambling game at the Uhlman hotel. Jones was warned that a second offense would mean a work-house sentence. Seven other men taken by police early Thursday morning in a raid made by police at the Uhlman hotel failed to appear in court, forfeiting bonds of \$10 each. They were released at police headquarters as follows: Harry Ramsey, 37, 112 S. Pierce-st.; C. H. Williams, 52, salesman, Ft. Wayne; Carl Gray, 38, 230 N. Pierce-st.; George King, 26, sign painter, Dayton; C. C. Miller, 34, 224 1-2 S. Elizabeth-st.; Harry Green, 43, Wapakoneta; C. Whiteker, 37, Greenville.

RESORT KEEPER FINED

\$100 AND SENTENCED TO 90 DAYS IN WORKHOUSE

Anna Hart, 25, colored, 315 N. Central-ave, taken in a raid made by police Wednesday night on an alleged disorderly house, which she and her husband, Harry Hart, are charged with conducting, pleaded guilty when arraigned in criminal court Thursday and was fined \$100 and sentenced to 90 days in the Toledo workhouse. Her husband's hearing was continued until 9 o'clock Friday morning. Harry Wright, 30, 318 Albert-st, taken in the raid, pleaded guilty to resorting to a disorderly house and was fined \$5.

MISSING GIRL IS HYPNOTIZED

Mrs. Meehan Declares Daughter Under Spell of Old Companion

NEW YORK.—Agnes Meehan, the fifteen-year-old daughter of Mrs. Mary Meehan, a widow, is missing again. This has happened so often recently that the police have lost track of her comings and goings. Her mother declares that another girl has hypnotized her daughter. Agnes selected seventeen-year-old Catherine Dimalo as her traveling companion. She is going with the hypnotic influence, according to Mrs. Meehan. Catherine disappeared with Agnes last February, and they did not return until March 29. A week later Agnes disappeared with Catherine and neither of them was seen in her usual haunts until May 16. This time the police are not certain whether Agnes disappeared with Catherine or whether Catherine disappeared with Agnes. Last time Catherine packed up and left she inadvertently packed up \$300 belonging to her father's grocery till and took it with her. This time the till comes out even, the father said today.

OUTING FOR REAL ESTATE MEN

All operations in real estate were closed for to-day when the Lima Real Estate Board declared a holiday and with family and friends set forth for a days outing at Orchard Island, making the trip in autos.

MEN AND MATTERS

Federal preliminary examinations can now be held in Lima as well as Toledo.

With the appointment of Harvey D. Grindle, attorney, Opera House block, as United States commissioner, this change becomes possible. Mr. Grindle has served some years as referee in bankruptcy in this district. The Gramm-Bernstein Motor truck company, Lima, has increased its capital stock from \$1,000,000 to \$5,000,000. Object of increase in greater output and to extend the territory for the sale of their trucks. A bigger working capital is allowed by the larger incorporation. But for a \$12,000 building permit taken out by the Lima Bulck company, permits in Lima for the month of July would have fallen to the lowest point during the year. The total for the month was only \$22,550, according to the records at the city clerk's office.

CITY ADVERTISES FOR BIDS ON STEEL SIGNS

Service Director Elmer McClain will advertise for bids for steel signs to mark all streets of the city. Sealed bids will be received August 20, he announced.

NOTICE

There will be a meeting of the non-partisan campaign committee of the Trades and Labor Council, at the court house assembly room, Friday evening. The presence of all members is earnestly requested as this will be the last meeting before the primary.

Secret of E These "D

Eliminate poisons and congestion from stomach and bowels with Dr. Caldwell's Syrup Pepsin

THERE is no time of the year when people should be more careful of their diet than during the summer months, but unfortunately it is the season of greatest carelessness. Cold foods, loss of appetite and overeating are soon followed by cramps, heartburn, indigestion, constipation. Do not wait until you have a splitting headache, but when you feel yourself getting bilious and constipated, get a bottle of Dr. Caldwell's Syrup Pepsin. It is a combination of simple laxative herbs with pepsin that has grown in great public favor for thirty years. We know of many thousands of households that are never without a bottle. Mr. Eugene McKenna of Mansfield, Pa., was very

FREE

Millions of people of chronic constipation, Dr. W. B. Caldwell's Syrup Pepsin, for a free sample bottle. 8 million bottles were bought at drug stores in

CENSUS REPORT

WASHINGTON.—(By United Press).—The census bureau Thursday announced it has completed the 1920 population of three states, 923 counties, and 4,070 cities, towns and minor civil divisions. The states are Delaware, Georgia and Oregon. The population of Oregon will be announced Thursday. Of the 3,062 counties in the United States, detailed figures for 708 have been announced. Assistant Director Stuart stated that every effort is being made to have the results for the United States ready before October 1. H. B. Warner's newest picture, which is attracting considerable notice is "One Hour Before Dawn."

NEW WAR CLOUD OVER EUROPE

SLOWLY, but none the less surely, Europe is being made the stage for another game of Death.

While statesmen and officials of the victorious nations are striving for petty national advantages and haggling over trivial details of a peace already concluded, another war cloud, far greater and blacker and more ominous than that which swept Europe in 1914, is moving toward the continent from the North.

Its greatest menace lies in failure of the big and powerful nations to recognize the danger to world peace that it presents.

While the wise men of Europe fiddle and play with fire, Poland is being plunged into martyrdom far more crushing and humiliating than that suffered by Belgium.

Overrun by a fanatical horde of conquering millions which is making the little republic a gateway to world conquest, she appeals vainly for aid while her little army fights against overwhelming odds with heroism probably unequalled in history.

Rumania plans to mobilize all her men of fighting age to repel the same aggressor; Germany watches his presence on her border in alarm.

Only united action by the European powers which were victorious over Germany will prevent another world cataclysm. And the world may know sooner than it realizes how long these powers can postpone steps which today would check this new menace without inviting disaster.

WORK AND LIFE

A WOMAN lecturer is going about the country organizing century clubs, the membership being composed of men and women who expect to live one hundred years, and then begin life over again. Her audiences generally consist of leading citizens, public educators and persons apparently living ideal lives. Of course they do not think that they will all live to see the sun of the century birthday morning, but they do hope to prolong life and make their older years happier because of better conditions.

There is nothing in the nature of human life to prevent people attaining the age of 100 years. In fact, many men and women in the United States claim to have reached the century mark and are still among the living. In other ages, according to history, the correctness of which few dispute, men engaged in active outdoor occupations rounded out several hundred years of existence.

Work is the great panacea, the life-giver and health-restorer of humanity. It is not work that kills the body. It is the worry, hurry and grind to make money that opens the grave. It is not the use of the good things of life that carries the people to the cemeteries of rest, but the intemperate misuse of the things intended for enjoyment and pleasure. After all, man is just about as old as he thinks and it is better to think of youth and its joys than to worry about old age and its disappointments.

AS YOU LIKE IT

A LITTLE SLICE OF LIFE.

We had often marveled At the greatness of Lincoln. But not until recently had we heard it analyzed. A small child of our neighbor was being told what a great man Abraham Lincoln was.

"Gee," he said, "It's no wonder. Look what he had to make him great."

He had that log cabin. He had that pine knot. He had those rails to split. He had that tall plug hat. He had all those stories. He had that Douglas debate. He had that civil war to win. He had that Gettysburg speech. He had everything To make a man great. And look what I have got—Not a darn one of those things."

Kansas man knocked insensible by a three-pound halibut. Fortunately he was not William Allen White or Walt Mason.

ABE MARTIN

We need to be afraid of petticoat rule, but they don't wear 'em any more. There's too many folks restin' on ever' thing but their lazeys.

SHORT ONES

THE campaign of the editors may be kept free from mud-slinging because the paste will be handier.

A FEW points on household economy and big families from silens to Americanization zealists would be a fair exchange.

THE same the Iowa won at Santiago will not be lost with the bulk when the vessel is made a target for naval practice.

THE Farmer-Labor party had better adopt farmer's hours if it is to make good its boast of carrying nine states in November.

DESTINY

IN A PRESIDENTIAL year men are made, characters defined and destinies scanned by the people of the nation. It is a time for rejoicing because a favored son is honored, a good neighbor is exalted, or the child of the farm becomes the "man of the hour." In this campaign the successful contender for the office of chief executive will be a child of the farm, for the reason that all candidates were born on farms.

It is certainly an inspiring thought to realize that in the United States there is no barrier to the attainment of the highest honor in the gift of the people. How often the fond mother, sitting by the cradle rocking her infant son, looks upon his innocent face and predicts, in her own mind that some day that little one—her boy—may become a great and honored man. With her own hands she opens the window to a world of wonderful opportunities.

Of all men who live upon the earth, he who is without hope is the most miserable. To him all days and nights are dark. But those visions do not come to the American. He lives in the hope of brighter days, happier hours and more peaceful and pleasant environment. To him and his family there comes the musical whispering voice of prophecy that tells the tale of destiny, inviting an inspiring spirit of determination that spells success.

OHIO'S PLACE IN THE SUN

ALTHO there is disagreement, due to difference of judgment, as to who it will be, Ohio, the birthplace of six presidents and the home of another when elected, will have another son elevated to the highest office in the gift of the people.

In the last half century Ohio has more deeply impressed the views of her people on the laws of the nation than has fallen to the lot of any other state. This has been due to the fact that her sons have been in positions of authority. In 60 years Ohio's sons have been chosen as chief magistrate for 32 years of that period, the two of them failed to serve their terms thru assassination.

In view of the facts, the rest of the country will have to be tolerant if Ohio seems at times to verge on the boastful.

MISS LIMA: "With prospect of 7-cent car fare and higher cost of gas, life isn't exactly one long sweet song."

HEALTH HINTS

By William Brady, M. D.

BEING SICK ENOUGH.

In our last conference on this subject we played a scurvy trick on the reader. Told him to sit quietly at rest for fifteen minutes, then to take four or five moderately deeper breaths than ordinary, something like sighs rather than hard or heavy breathing, then to hold his breath as long as he could, timing that the normal breathing point, when breathing must be resumed, is approximately forty seconds, and that if he couldn't last that long without breathing he was beginning to die. Then, assuring him that he need not be alarmed about that, we hinted that he might even yet come back to life—and then we called it a day and dismissed Virginia.

But Virginia is a paragon of efficiency. She is right back on the job, all set to take down the next chapter and a little sorry too about the cruel conclusion of our last chapter. Virginia has much too much sympathy for the laity anyway, but we hope to break her of that in time. But we can't withdraw the assertion made in the last conference, namely, that it does certainly mean you are beginning to die, that you are, oh, say one-eighth dead now. But don't take that too seriously, for don't we assure you that you can still come back and be as much alive as any of us?

What is a physician's work, if not comforting the dying? All a doctor does is go about assuring people who vary all the way from one-fiftieth to half or more dead that there is soap, hope, or dope, as the case may be.

How nearly dead should an individual be before he makes up his mind to consult his physician? Opinions vary, according to education. Educated folks consult the physician when in doubt, uneducated folks wait until they feel pretty sure they are going to die, then they call in the doctor. If human life had an established value, like real estate, this might be different. A man who owns a house hollers fire the instant he smells smoke; but his health and life are not so important, so he gambles with 'em for a long time before he decides to call the doctor.

This is what the stupendous patent medicine industry and the countless plausible short-cut systems of healing are for—the great American gamble.

WHAT THE STARS PREDICT TODAY

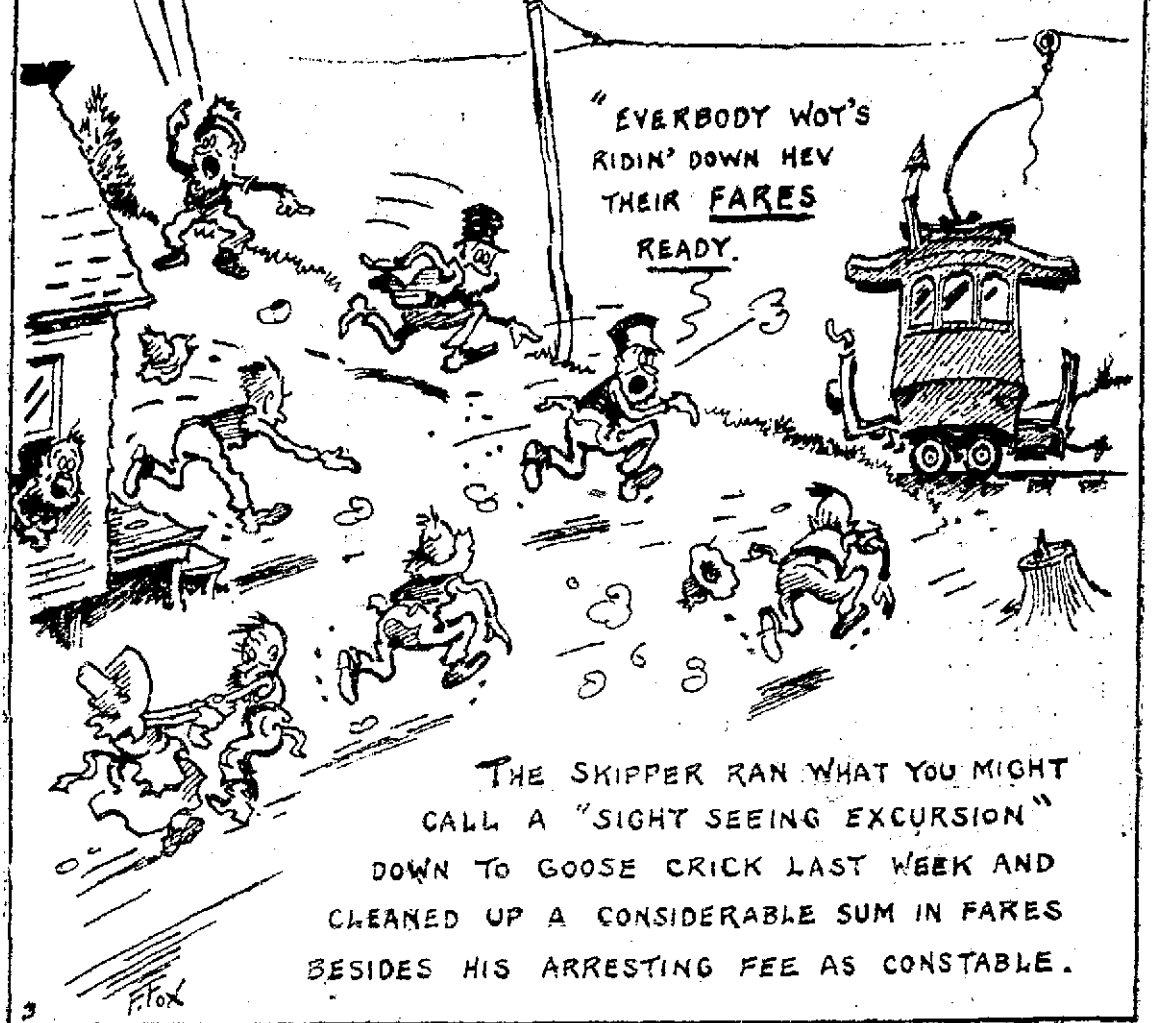

This day is sinister. Mars indicates the presence of strikes and riots in which there will be bloodshed. Libel and slander will be rife under this sign.

Mining disasters are predicted. Widespread belief in astrology will supersede the public interest in spiritualism, the stars indicate.

Persons whose birthday this is will find romance and marriage this year. Children born today will be adventurous.

NEW ARRANGEMENTS

I was stunned, yet at the same time I realized the need of action. Mother must be told. So one morning I went to her and told her all Mr. Harkness had told me.

"You mean, Zena, that our home is ours no longer—that we are home less?"

"Yes, Mother dear. Dad left some debts that we must pay at once. The only way we can pay them is to sell the house, and perhaps the furniture. Mr. Harkness thinks he has a client who will buy it just the way it is. He says if we can sell it that way it will give us a few hundred dollars to use until I can find something to do."

"My poor child, what can you do?" Then without waiting for an answer, "You told him to sell it at once, didn't you?" No one must say that William Stewart was not perfectly honest. It makes no difference what happens to me. He is gone, and life means nothing any more. But no one must say a derogatory word of him—the best man that ever lived."

"I am so glad you agree, Mother. I told Mr. Harkness to go ahead and sell the house. And Mother, surely after all you and Dad spent on my education I can earn our living." In spite of my brave words, my heart sank at the prospect, more because of lack of knowledge how to go about finding work, than disbelief in my ability.

"Perhaps—" doubtfully. "I have some jewels we can sell."

"Not unless we have to!" Now don't worry about it any more."

Mother threw off her lassitude from that time, altho her grief was pitiful. But she seemed to realize there was much to do and to want to do her share.

Mr. Harkness sold the house all furnished. We took out only a few things, keepsakes, or something which because of sentiment we wished to keep. When all was over, house, cars, everything disposed of every debt was paid, and Mother and I had exactly \$1400.

"About one month's allowance," mother said when I told her.

"Never mind, Mum! Long before it is gone I shall have a new position somewhere. It will be a cut above a flat, but we will have each other."

I never dreamed that the time would come when the tiniest cottage the cheapest flat, would look attractive.

YOUR NAME

By Philip Francis Nowlin
CIAL ORIGIN—Wish.
JRC2—Geographical.
The family name of Penrose, is not exactly widespread in the United States, deserves some mention from the prominence it has attained in the public eye thru a United States senator.
There are numerous and varied legends offered for the origin of his name, but none of them appear to stand the test of comparison with the facts established by the descent of family names in general, with the exception of one, Penrose is the name of what is by a mere hamlet near Land's End, in Cornwall, where there are legends that in medieval and early modern times it was a more important place than it is today, when the growth of modern cities has overshadowed the prominence of many little towns which were prominent marks in older times.
There is a Penrose family, living in Penrose, today, with large estates which have been in possession of the family since the fifteenth century, a fact which the formation of family names, the well under way, had not by means completed. Naturally this particular family took name from the place, in the form Penrose. But undoubtedly the name, in the same form, sprang up in other parts of the country in the of former residents of Penrose, may or may not have been related to the owners of the estates, who used "Penrose" as a distinguishing name in the sense of "m" Penrose rather than "of" in possessive meaning.

NEW LOCATION OF RED CROSS

Supply Headquarters in East End Hotel Norval Building

The Red Cross supply headquarters, which for the past several years have been located in the east wing of the Ohio Electric station building, were removed Wednesday to the east end of the Hotel Norval building, 11 North-st. The new quarters consist of a stock room in which all nursing and emergency supplies are kept, and an office. Miss Louise Whitman is in charge of the office, and Miss Marie Mueller, visiting nurse, in charge of the supply department.
Since the close of the war the Red Cross has maintained quarters here which are always filled with necessary supplies for emergency calls, similar to that which followed the cyclone which passed over Van Wert and vicinity some months ago. At that time supplies consisting of bandages, gauze, and all first aid materials were taken to the devastated region within an hour after the call was received here.
In addition to the first aid supplies, the stockroom is filled with bedding, linen and bed garments, used by the Lima and Allen-co visiting nurses on their calls. The Red Cross telephone number is the same as formerly, Main 7775.

CARD OF THANKS
We desire to express our sincere thanks to our kind friends and neighbors for their sympathy and ministrations during the recent illness and death of our little daughter, Helen.
Especially we thank Rev. Hoffmann for his consolation. The singers for their singing, Mrs. Davis for his excellent services, and the Lima Locomotive men for their kindness, and all those who gave beautiful floral offerings.
Mr. and Mrs. Jett Sprague and family.

ELKS MEET TONIGHT
A meeting of members of Lima Lodge of Elks will be held this evening at the Elks home. During the summer months the meetings are held monthly instead of weekly. Plans for the state convention to be held in Lima the early part of September will be discussed at this session.

HEADACHES!
Headaches, indigestion, sleeplessness and nervous troubles are often caused by eyestrain. And eyestrain is caused by not wearing the right glasses. Right glasses will relieve eyestrain and troubles due to eyestrain will disappear. The first thing to do is to have your eyes examined and know what glasses will be the right ones.

RED CROSS ISLAND LOOMS IN HISTORY

RED CROSS ISLAND (via Constantinople).—The Island of Protia has changed its ancient name and is now called, by its native inhabitants, "Red Cross Island," in honor of the American organization which, for the past three and a half years, has occupied it as a relief and hospital station for thousands of Russian refugees brought here from Black Sea ports. Most of the typhus convalescents here are now able to travel, and arrangements are being made to send them back to the mainland. Unless further need arises the station will shortly be closed, but the island's new name will remain to recall this brief, but dramatic period in its history.
Used a thousand years ago as a sanctuary and refuge for deposed sovereigns and high political exiles, now Red Cross Island, has again fulfilled its early destiny.

FIND OLD PERMIT

Government Paper 54 Years Old in Freight Car

Yellow with age and with the folds torn where placed together, an old document, issued by authority of the United States of America, was found in a freight car here yesterday by employees of the Baltimore and Ohio railroad.
Employees have no idea where it came from nor how it became loose in the car. Other parts than the folds are as good as the day issued back on August 22, 1865.
It is an inspector's certificate to operate the steamer Nettle Stephens, plying from New Orleans up the Mississippi and its tributaries.
The certificate showed that Miss Mary M. Langhorn was owner of the vessel and M. Langhorn master. She was built in August, 1863.
The ship contained 27 state rooms with 60 berths in all and would accommodate 60 cabin passengers. The ship carried a metallic lifeboat, one yawl and 60 cork life preservers.

Y. M. C. A. DELEGATES WILL ATTEND ANNUAL MEETING

Mrs. E. C. Abrams, Mrs. Julia Simpson, Miss Mary Garford and Miss Viola Johnson, of the Lima Y. M. C. A.; Misses Ruby Williams, Frances Vogel and Grace Kruse of the Trotty Veck Club, and Miss Evelyn Davison, of the Girls' Social Club leave Thursday night for Lake Geneva, Wis., where they will attend the annual Y. M. C. A. conference, which is being held at that place. They are representing the local Y. M. C. A. and clubs connected with it. The conference which will last ten days, comprises eleven states. A number of important matters of interest to the Y. M. C. A. will be acted upon. During the absence of the Y. M. C. A. staff, Miss Wilcox, office secretary, will be in charge of the local recreation rooms.

ALABAMIAN INVENTS NOVEL WATER WHEEL

MOBILE, Ala. — A water wheel which is claimed to have cut down the cost of production on farms, is an invention of George T. Payne, of Mobile, Ala. Mr. Payne states that the wheel can be operated at a low cost and that it can be used to operate for cutters, washing machines, churn, lighting or other necessary work on the farm.
The other conveniences afforded by the invention are that it is unaffected by high water and also that the same water may be used more than one time whenever there is a large fall in a very short distance, the inventor states.

CHICAGO—William V. Couchman, vice president International Harvester Company, in charge of European business, died at Brussels, according to cablegram received by company here.

FIRST SURVEY BY AIR MADE IN CLEVELAND

CLEVELAND. — The first survey to be made in this country by airplane has been completed here by E. H. Corlett, engineer for the Metropolitan Park Board. From 200 to 250 pictures of the Chagrin Valley, were taken, and when mounted they formed a "mosaic" which constituted as accurate a survey as could have been taken by the ordinary method. This method of taking surveys by airplane was perfected during the European War, but has never before been used in this country, so far as is known here.

The New York Yanks Have Been Slipping on Their Trip; 'Tisn't the Home Run That They Pray for As Much As It Is the R

WATCHING THE SCOREBOARD CHANGE

Wee Dickie Kerr held the Yanks to three runs while the White Sox gathered 10 and are yapping at the heels of the Yankees for second place.

The Senators drove Morton from the box in the sixth inning, when Smokey Joe Wood tried to stage a comeback, but lacked control. Score: Washington 11, Cleveland 3.

The Athletics drove Wallem from the box in the seventh, and defeated the Browns 7 to 2. Sister's homer, with Gerber on base, accounted for the Browns' score.

"Red" Casey held the Cubs to two singles and the Phillies took the game 4 to 1.

The Red Sox took the odd game of the series from the Tigers 5 to 1.

The Pirates made it four victories out of a five-game series with the Boston Braves and tied the Giants for third place.

GAMES TODAY

National League
Cincinnati at Brooklyn.
Pittsburgh at Brooklyn.
Chicago at New York.
St. Louis at Boston.

American League
Boston at Chicago.

DOPE PUTS AMERICAN LEAGUE FLAG IN TRIBE'S HANDS

(BY JOE BERNSTEIN)

DOPE has it that the Cleveland Indians are going to cop off the American league banner, and there is no other way of figuring it.

They've got such a nice little lead on the Babe Ruth and company that it'll take more than a tipped over bucket to make the dope drown the Speakerite tribe.

It's figures that are doing the predicting for Cleveland, and figures pretty regularly tell the truth.

The Tribe has just completed its 101st game, and although it was a defeat at the hands of the Washington Nationals, it didn't so much as make an impression on the standing of the Ohio city outfit.

The Indians have a percentage of .565 brought about by 67 wins and 34 defeats. In other words they have won just about twice as many games as they have lost, or about two thirds of those in which they have played.

There are just 53 games left for the Indians to play. Now figuring that they will win, by the law of averages, an equal percentage of the games remaining to be played, as they have won of those already played, there should be 35 victories in store for the Speakerites. That would make the total number of wins for the season—102, or enough to win any flag, when you look at how the Yanks are going.

Babe Ruth and company have only 50 games left to play. They would have to win 38 of these to tie the Indians, according to the dope, or 39 of them to win the flag.

But that's demanding that the Yanks play a .760 game from now on, but that's a near impossibility.

The Yanks have most of these games on the road. Looks like it's a sure thing for the Indians.

QUERIES ON LEAGUE SENT OUT

Communications to the five cities besides Lima that have been proposed for the new league that looks like the biggest thing in Lima sports at the present time, have been sent out by the Lima newspaper, the proposition, in an effort to learn just how the suggested circuit would appeal to other cities in this vicinity.

St. Wayne and Springfield should be especially prompt in their answers, for these two cities, both larger than Lima are at present without any kind of ball besides the semi pro class, and have been anxious in the past few years to get organized ball.

THURSDAY'S CARD AT FT. MIAMI LOOKS LIKE CLASSIEST OF SEASON

TOLEDO—Today's card of the Grand Circuit harness racing meeting at Fort Miami, looks like the classiest of the week to followers of the big line performers.

There are four events on the program consisting of the 2:12 trot, 2:05 pace, 2:03 pace and the 2:14 trot for three-year-olds. The fields are not large but there seems to be plenty of class in the lineup.

The Wayne 2:05 pace for an added money purse of \$2,925, has seven starters with Hal Malone, a winner at Columbus last week, as first choice, and John H. Braden, second.

Goldie Todd probably will be favored by the talent in the 2:03 pace which carries a purse of \$1200, although opposition is expected to be furnished by Johnny Quirk and Louis Gratian.

Six youngsters are named in the Toledo \$2,000 stake for trotters eligible to the 2:14 class. Great Britain, a winner here at the first meet-

LIMA RACQUET STARS GIVEN CHALLENGE

(BY BILL CUNNINGHAM)

Following the second game of the City Tennis Tournament, being conducted by Physical Director Lemon of the Y. M. C. A., a challenge was issued to any Lima tennis team, by John G. Berthold of the Greenville, Ohio, City Tennis club, for a match on the first Sunday agreeable to the two teams.

The match would be played at Greenville according to the challenge.

It is a direct outgrowth of the discovery that there are some excellent racquet players in this city. Play in the city tournament is gradually disclosing this fact.

It is expected that the team winning the doubles in the present Lima tournament will accept the Greenville challenge. Greenville, claiming to have an undefeated record thus far this year, plays the Dayton Country club, Aug. 18.

I. M. Costello defeated Don Adkins in two fast sets on the second day of the city tournament. The first set was won by a score of 6-1, the second 6-2.

Adkins made a number of terrific drives but was unable to keep the majority of them in the court. Costello, who is a player, managed to defeat Adkins game after game. The match referred by Ray Chistead was one of the cleanest and most interesting ever seen on the local courts.

Thursday Monroe Lowitt, Columbia University expert, plays Charles Cook, Ohio State star at the College courts at 5:30 p. m.

K. O. MARS LOSES TO WILSON

CINCINNATI, Ohio, (Special.)—Red Cap Wilcox of New York lost the refereed decision to K. O. Mars of this city Wednesday. The bout was featured by very fast mixing with Wilcox doing the hardest hitting having Mars groggy in the first, fourth and ninth rounds. Mars, who is a southpaw, used his right to score the winning points.

NEW PARK

The Los Angeles and Vernon club will have a new park next year, being compelled to move, as a street is to be cut thru the present grounds. A new site not far from the present one has been leased and it will be only a matter of moving and rebuilding the stands.

NATIONAL TENNIS TOURNEY, MONTH AWAY, IS CENTER OF INTEREST IN SPORT WORLD

Gerald Patterson, (right) congratulating William Tilden, (left) winner of the international match held recently in England. Tilden will participate in the National championship match to be held in September at Forest Hills.

INTEREST in the tennis world centers on the East-to-day with the opening of the national lawn tennis singles championship tournament at Forest Hills, L. I., only a month away. William T. Tilden II, the new world's champion, will lead a host of net luminaries from East and West to the courts of the West Side Tennis Club for the event.

Announcement by the United States Lawn Tennis Association that the team to represent America in its Davis Cup matches with Australia will be chosen after the national championship is determined, has added zest to the matches to be played at Forest Hills. The title tournament opens August 30.

Julian S. Myrick, president of the association, to-day confirmed reports that a new team will be selected to meet Australia at Auckland, New Zealand, late in December. Two teams will be selected on the merit of players in the coming Eastern tournaments, he said. "There may be several changes. It all depends on the showing of the players."

Two East against West tournaments are also attracting interest. One, for women, will be held at Forest Hills September 9, 10 and 11, while the other, for men, is scheduled for the same dates at

Germantown Cricket Club, Philadelphia. The Pacific Coast will send a galaxy of stars East for these events.

The Sutton sisters, Miss Ellenor Tennant, all of Los Angeles, and Miss Helen Baker, of San Francisco, have already been entered as the Western team in the women's events. Miss Corinne Gould, of St. Louis, is said may displace one of the quartet, however, before the matches are played. The Eastern teams will be selected after the Forest Hills championship matches are played.

PREDICTS GOOD HUNTING

Sportsmen all over Ohio will have better hunting this year than for many years previous, according to a bulletin issued by State Game Warden A. C. Baxter. There has been a large increase in rabbits and pheasants according to game protectors. There are fewer squirrels this year than others, although increases have been reported in several localities. The decrease of the latter is said to be due to the devastation of forests.

Game refuges which make it possible for game to live and propagate unmolested are responsible for the big increase in pheasants and rabbits.

KIWANIS WIN GAME ON SO THREE BA

PLAYING a brand of ball that would ge leagues, Rotary and Kiwanis went an ex for the Kiwanis outfit. Thursday at the Mu Schenk's triple to right field decide giving the Rotarians a two run lead in the plate and cleaned the bases with a short hit line. It was placed just where no one co

With Rotary looking like a winner Goldsberry smashed out a two base hit that a longer one, scoring him—then the fun be

It was Jimmie Morton who laid on the to him belongs the credit for starting a ra

Morton was sent into the contest as a pinch hitter when the manage-ment of the Kiwanis team figured that the battle must be either won or lost in the seventh frame. He kicked thru with a hit that scored the first of the inning and then he counted on Pierce's hit for another tally.

Goldsberry, Morton, Herrett and Pierce all gathered a counter apiece with Herrett romping over the plate for the tying run. Then Rotary got

The Rotarians came back in the first of the eighth and extra inning, with three runs that gave them a lead again, but that too, was over-come by Kiwanis in the final half of the frame.

Lindsmith of the Rotary outfit, reached first in that last inning on Goodrich's bad throw. Barnhardt, up next, drew a base on balls and advanced a base on a wild throw by Goldsberry. Mott Seals went out, Goldsberry to Pierce, on an attempt sacrifice. Carter pinch hitting for Clark got to the initial sack when a fielder chose to hold Lindsmith from scoring. Then a co. nice! Pierce scored all men on bases and the Rotarians once again took the lead.

In the last of the eighth, it was Kiwanis' turn to do a little slugging and they did. Thompson who was sent to the slab to relieve Barnhardt was touched up for hits by all of the five men who faced him. Goldsberry, Morton and Pierce drew singles while Herrett got a two baser and Schenk won the game with a triple. Schenk's blow was a high fly

You know "it's toasted." But do you know why?

LUCKY STRIKE is the toasted cigarette. Lucky Strike the toasted pipe tobacco. And because Lucky Strike toasted it preserves the Burley flavor for you until you smoke

The exact reason for this is interesting. You see, w Lucky Strike is toasted the heat closes the pores in the Bur leaves, and literally seals in the Burley flavor. It stays there months—years—until it is released by burning in your pipe cigarette.

Or take the method of the bee. You can put a honey-co away for months or years and the flavor is always there—ins This is because the bees put a thin coating of wax over the hon and seal it in, so it lasts forever.

The same with Lucky Strike. Toasting the tobacco seals in the delici Burley flavor, to be "called for when wanted."

Whether you are a cigarette smoker or a pipe smoker you should acquainted with the special and unequalled flavor of toasted Burley tobacco to be found only in the Lucky Strike brand. Buy a package and you v notice this improved taste immediately.

"LIMA LEADS"

**Bear This In Mind Next Tuesday and Give
Your Support to the Bond Issue
for River Retaining Walls.**

The city has made progressive strides in the work that has been done in widening and straightening the river. The completed work needs the additional protection of retaining walls to make it 100% efficient and to save the work that has been accomplished. Widening and straightening the river — together with proper retaining walls is all a part of the accepted plan for making the stream a beauty spot, and in the making, provide a system that will be for the betterment of health conditions for the entire community.

**Your Support of This Issue Is An Assured
Paying Investment--Make Our Common Slogan
"Lima Leads" A Perpetual Condition**

This is not a new proposition, but one that has twice before been endorsed by a majority of the voters, but unfortunately lacked the necessary two-thirds to carry.

It is time to forget petty differences and think of the city; lend your efforts Tuesday to further this river project and you will feel satisfied with yourself for helping to boost your city improvements to successful completion.

Short Shavings

To a boy whose face plainly indicated mental distress, a kind old lady said: "What is the matter?"

"Pa fell down stairs," replied the boy.

"Well, don't cry. He'll be all right soon, no doubt."

"Yes, I know," said the boy. "But me sister seen him fall all the way, an' I never seen nothing."

Susie had for a long time been praying for a baby sister.

The other day, on laying down the local paper, her mother said: "Our new pastor's wife has a little daughter."

"How do you know?" asked Susie.

"It's here in the paper," her mother replied.

"Please read it to me," said the child, and her mother read: "Born on July 15, to the Rev. and Mrs. John Smith, a daughter."

Susie thought for a moment. Then she said: "Mama, I know what I'm going to do. I'm going to stop praying and begin advertising."

"My dear, as you have been fairly prosperous this year, I think you might give me a few dozen eggs as a Christmas present."

"Can't afford it, darling. You will have to content yourself with this year with just a diamond necklace."

A sailor had been showing an old lady over a big liner, and after thanking him she suddenly remarked:

"I see, that, according to the ship's orders, tips are forbidden."

The sailor then turned to the visitor, and with a knowing look, answered:

"Why, bless yer, ma'am, so were apples in the Garden of Eden."

Being Neighborly

The first savings association was started by a few neighbors with the idea of co-operation. None of the members were rich but each had a determination to save a little each month for the possible rainy day.

Their individual savings were not large enough for satisfactory investment, but by clubbing together they had enough to lend on one mortgage and help one family buy a home.

The idea has grown and is no longer a small community affair, but the spirit which prompted the first association of neighbors still actuates the larger, more perfect institution.

The Allen County Savings and Loan Company, with assets of more than two million three hundred thousand dollars, has developed features in convenience and service that mean much to the depositor and the borrower. This service is offered every patron of the company and interest at the rate of five per cent is paid on large and small accounts.

DIABETES!

Clean Up Poison Soaked Kidneys
Advices Dr. Carey

Thousands Die Every Year Because They Allow Poisonous Deposits to Accumulate in Kidneys.

Don't flush your kidneys with harsh makeshifts says Dr. Carey, they are too frail and delicately constructed to treat them rough.

For 40 years I have been prescribing Marshroot for kidney and bladder sickness and now that I have retired from active practice I have made arrangements with leading druggists to dispense this wonderful prescription at a moderate price.

Beware of kidney disease—thousands die every year who ought to be enjoying the blessings of life and health.

If you have specks floating before the eyes, itchy under eyes, stinging feet or moist palms, backache or sideache you ought to get a bottle of Dr. Carey's Marshroot right away.

It has conquered thousands of cases of kidney and bladder disease and is the medicine you can always depend upon. Hunter's Drug Stores can supply you.

Says His Prescription

Has Powerful Influence Over Rheumatism

Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of countless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery to others who took it, with what he called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery thru the newspapers. Hunter's Drug Stores, Enterprise Drug Store have been appointed agents for Allen's in this vicinity with the understanding that they will freely return the purchase money on the first two bottles to all who state they received no benefit.

ITCH!

Money back without question if HUNTER'S Ointment fails to relieve treatment of ITCH, ECZEMA, RINGWORM, TETTER, or other itching skin diseases. 75 cents box or one dollar.

RUSSO-GERMAN SECRET WAR PLOT NOW BARED

TUMULT TO NIP ROW RUMORS

To Attend Cox Notification As
Wilson's Representative

DEEMED HIGHLY SIGNIFICANT

Shows President's Approval of
Nominee's League Attitude

WASHINGTON.—President Wilson's dispatch of Secretary Tumulty Thursday to Dayton, Ohio, as his representative to the Cox notification ceremonies Saturday, was regarded as highly significant here.

Political observers here regard the move as:

1. An indication of the president's intention to take part in and keep himself in close touch with the campaign.

2. An expression of the president's complete satisfaction with the Democratic nominee's attitude toward the league of nations issue settling at rest rumors of a disagreement started last week by the announcement of George White, Democratic national chairman, that Cox would make "progressive" the paramount campaign issue, instead of the league, as Wilson had urged.

While in Dayton Secretary Tumulty will probably confer with Governor Cox and Democratic leaders assembled for the notification.

BIG PARADE PLANNED

DAYTON.—(By United Press.)—A crowd of between 50,000 and 70,000 people will attend the notification ceremonies of Governor Cox Saturday, according to present indications. J. Sprigg McMahon, chairman of the local arrangements, predicted Thursday.

Reports to the Democratic state committee are that 50,000 Cox boosters will be in the parade, just before the formal notification at the Montgomery-co fair grounds. Of this number, it is expected 15,000 will be visiting Democrats and 5,000 local enthusiasts.

The city is making arrangements for the greatest number of visitors in its history, McMahon said. Special trains will be run from several points in Ohio and Indiana, while smaller delegations are coming from such distant points as Massachusetts, Louisiana, Texas, California, the Pacific northwest and Oklahoma.

TESTS VOICE AMPLIFIER

Governor Cox Thursday personally approved the arrangements for the ceremonies. From the judge's stand on the race track, where he will speak Saturday, he tested a voice amplifier which will carry his voice to the outskirts of the huge crowd that is expected.

Local Democrats are making every effort to break all records for crowds at the fair grounds. To do this, they will have to pass the 65,000 mark, which was established when Goldsmith Maid broke her famous trotting record. W. J. Bryan drew 55,000 to the same scene in 1896. Seats and shelter for only about 3,000 are provided, but there is room on the race track and roundabout for at least 100,000, it is estimated.

SPEAKS AT PICNIC

Local Democrats are praising the short talk the governor made at the Democratic Club picnic Wednesday and are particularly pleased with the fact that he used short epigrams, metaphors and illustrations in "putting" over his ideas. It is evident that the governor in his stump campaign will make few addresses with long, involved discussions of political issues, but instead, will endeavor to make a strong popular appeal.

For example, at the picnic, he said:

"The opposition is doing what we farmers used to do—plowing around the stumps—seeking to avoid things that perplex."

He also declared that every school child could understand his speech of acceptance.

The greatest cheers from the picnic crowd came when Cox spoke, from a boxing ring, shouted:

"Boys, I am ready for the fight!"

POTATO PRICES TO BE CUT IN HALF

Drop Seen in Big Crop and Early
Rush to Market

MADISON, Wis.—(By United Press.)—Potatoes, generally regarded as a food staple, but more recently forced into the luxury class by high prices, will soon sell for half their present price, it was predicted Thursday by officials of the division of markets and the state agricultural department.

Wisconsin, the banner potato state, will soon harvest its greatest crop. According to officials, there will be no holding back of the crop this year and the bulk of it either will be on the market or enroute by Christmas. The lowest last year, however, was "a lesson," it was said.

EUROPEAN CLASH COMPARED WITH 1914

(By Associated Press.)

The march of the Russians on Warsaw has created a situation which is causing grave anxiety in European capitals. Some expressions go even to the extent of comparing it with that of August, 1914.

The allies are making representations to soviet Russia in aid of Poland, the British note dispatched yesterday being now described in some quarters as in the nature of an ultimatum altho allegations that it contained a threat of war are not confirmed in authoritative quarters.

The Russian emissaries now in London are re-

ported to have recognized the gravity of conditions and to be urging their government to halt the Russian march in Poland.

In recent days the allies have been making an effort thru British governmental channels to induce soviet Russia to halt her campaign against Poland, after having notified the Russians that the allies would assist the Poles if Russia made war upon the Polish people.

The expressions of anxiety over the situation which came from London follow the developments of Wednesday night when a conference was held between Premier Lloyd-George and his right-hand

man, Andrew Bonar Law, on the one hand and M. Kameneff and Krassin, two of the soviet emissaries in London, on the other, after which the reported message from M. Kameneff to his government asking that it accept immediately the original British proposals for an armistice with Poland was dispatched and a reply was being awaited.

Most Americans, excepting welfare workers and others having business in Warsaw will have departed from Warsaw by Friday night, it was announced by the authorities. More than 200 have already left for Danzig and the American Legation has arranged for 300 seat reservations on trains leaving Friday.

PACT ENTERED TO CRUSH POLAND

New Republic to Come Under the
Rule of Berlin

BRITAIN BEGINS MOBILIZING

French Troops Massed Along
Rhine Ready for Action

LONDON.—(By Associated Press.)—Soviet Russia concluded a secret treaty with Germany concerning Poland a few weeks before the great Polish offensive began, says a correspondent of the London Times. He claims he has secured the information from "excellent authority."

The treaty, it is asserted, contained the following provisions:

Russia, without interference from Germany, would be allowed to appropriate all of Poland's arms, munitions, rolling stock and foodstuffs. After the conquest of Poland, permission would be given Russia to send a number of Bolshevik commissioners into that country to control the export of Polish supplies of all kinds.

WOULD GO TO GERMANY
Russia would then undertake to completely evacuate Poland in favor of Germany, which would hold the country as a guarantee against future credits to Russia in return for German goods and German labor.

"Russia," the correspondent adds, "intends to try to avoid the terms of this treaty by the creation of a Polish Bolshevik army, the first steps in the formation of which are now being taken in occupied areas of Poland. When Russia withdraws from Poland she will leave this Polish army, permitting Germany to take such steps as she can to face the situation. The Bolsheviks are convinced England will not materially aid Poland, and will wage the next campaign against Rumania in Bessarabia."

BRITAIN MOBILIZING

PARIS.—(By Associated Press.)—Great Britain has taken steps to mobilize rapidly two divisions for service in Poland, according to the Matin, which adds that plans for the transportation and re-equipping of this force have been prepared. Negotiations between France and Great Britain for the purpose of devising means for aiding Poland are being pushed actively, other papers assert, and the bureau which has been liquidating war stocks has cancelled certain previous engagements.

FRENCH TROOPS READY

BERLIN.—(By United Press.)—French troops are being massed along the Rhine, ready to proceed thru Bavaria to the aid of Poland, according to reports from Bavarian cities received here Wednesday night. The French are concentrating messages from the occupied territory along the Rhine, but in spite of this, messages from that district, indicating some troops are on the move.

LONDON ATMOSPHERE TENSE

LONDON.—(By United Press.)—Russian cavalry was unofficially reported Thursday to have actually invaded the "Corridor" thru East Prussia connecting Poland with Danzig and the sea. One dispatch said the red scouts were only 27 miles from the portals of Warsaw, their operations apparently being unopposed. Military experts were awaiting confirmation before accepting the report of invasion of the Polish corridor at its full value.

The atmosphere in London Thursday was becoming increasingly tense and there was much discussion of the chances of Britain becoming involved in the war. All sorts of reports were circulated. One was that the government was ready to mobilize several divisions and send them to the front. Another was that Earl Curzon was to go to Paris to discuss the situation. A third report was that a virtual ultimatum threatening war was being presented to the Germans.

It was also reported here Thursday that the Germans and Russians had a secret deal under which the Polish "Corridor" thru East Prussia would be wiped out. This "Corridor" was established by the peace treaty.

PLAT AGAINST TREATY

The plain charge was freely made that Russia and Germany were in a conspiracy to upset the terms of the Versailles treaty. The British military was understood to be divided on the question of whether such an alleged conspiracy called for military action to prevent it being consummated.

Paris dispatches said the council of ambassadors had been called to meet as quickly as possible. Meanwhile, Premier Millerand of France has been in communication with Lloyd George, urging him to join in military action against the Bolsheviks, but so far no decision has been reached.

A dispatch from Warsaw to the Evening News dated Wednesday said the Polish armistice delegates who were to have met the Bolsheviks at Minsk for further negotiations, had been held up by the Russian commander at Brest-Litovsk and that therefore, it was impossible for them to reach Minsk on scheduled time.

ROW IS ON OVER RAIL BONDS

U. S. Commission Objects to
Interest Rate Proposed

LINES OFFER 7 PERCENT

Money Needed for New Equip-
ment Within Year

WASHINGTON.—(By United Press.)—Railroads will offer approximately \$400,000,000 worth of securities to the public in the next three or four months, it was learned here Thursday at the bureau of railroad economics, unless present plans are upset.

Interest rates will be at least 7 percent.

Quick sales of these securities will result in more being put on the market, it was said.

FOR NEW EQUIPMENT

The proceeds will be applied on new equipment of which more than \$610,000,000 worth will be needed in the next 12 months, according to present plans. Part of the money for equipment will come from the revolving fund administered by the Interstate Commerce Commission under the transportation act. Railroad officials are now conferring with investment brokers to arrange for sale of the securities. Conferences were begun several days ago in anticipation of the increases allowed railroads by the Interstate Commerce Commission.

A hitch developed, however, which has not yet been overcome. The investment bankers made clear to the railroad officials the securities might have to pay more than 7 percent if their prompt sale was to be assured.

GOVERNMENT DISPLEASED

The Interstate Commerce Commission officials, however, let the railroad officials know the government would view the 7 per cent dividends with displeasure, since the government is to get but six percent on its revolving fund advances. This conflict is now being worked out among the commission and the rail officials.

That the railroads would spend before January 1, sums ranging from \$6,000,000 to \$7,000,000 for new equipment were scouted here by rail officials.

NEGRO IS HUNTED FOR ASSAULT

Kentucky Woman Victim, is Un-
conscious For Two Days

LEXINGTON, Ky.—(By Associated Press.)—A posse of several hundred farmers and county officers armed with guns, ropes and pitchforks, Thursday morning continued to scour Madison, Jessamine and Fayette counties in a search for Buford Monday, mulatto, 28 years old, charged with having assaulted Mrs. Charles Sauer, sixteen years old, of Valley View, Madison-co, Kentucky, fifteen miles from here.

The posse spent all Wednesday afternoon and night searching for the negro who is alleged to have forcibly entered the Sauer's home and committed the assault upon Mrs. Sauer Monday morning. Wednesday afternoon Mrs. Sauer, who is about to become a mother, regained consciousness and related her story. She said Monday threw a powdered drug into her face.

Monday was seen at Nicholasville, Jessamine-co late yesterday afternoon, according to members of the posse. He formerly was in the army and saw service in France.

**BOY BURNED TO DEATH
PLAYING WITH MATCHES**

NEW YORK.—William Dalton, four years old, was burned to death while playing with matches in his home in North Bergen. He set fire to his clothing and died in the hospital.

His grandmother, Mrs. Richard Dalton, sixty-six years old, was badly burned about the face and arms trying to save the boy.

Bombing Plane For Mexico Seized By U. S. Officials

CALEXICO, Calif.—An American-built bombing plane, intended for shipment into Lower California, was seized at the border Thursday by United States customs officials.

Lieutenant T. O. Payne, American aviation instructor in the "army" of Governor Cynoto, who is in revolt against the Mexican federal government, was denied a passport by immigration officials. Payne had been sent to Canto to purchase the plane in Mexico, where it was built, after the American state department previously had refused to export.

Quiet continued in Mexico, across the border from here.

RAIL LIGHT LOSES TOLEDO SUIT

Citizens Will Vote Tuesday on
Baying Car Lines

TOLEDO, O.—(By Associated Press.)—The Toledo Railway and Light Company, has abandoned its fight against submission of a seven million dollar bond issue to the voters at the election next Tuesday, it was announced Thursday by attorneys representing the company. The issue provides for purchase of the city's street car lines.

The attorneys who returned from Grand Rapids, Mich., where the United States circuit court of appeals overturned the local federal court, asserted that there is not sufficient time between now and election to permit further litigation. Printing of ballots was ordered this morning.

U. S. INJUNCTION ASKED BY CITY

Martins Ferry Wants Street Car
Line Ousted

COLUMBUS.—(By United Press.)—The city of Martins Ferry in a petition filed in federal court Wednesday by City Solicitor Henry G. Pratt, asks that the Wheeling Traction Company be enjoined "from operating or maintaining the street railway in, over, or upon the streets and highways of the city of Martins Ferry."

The petition also asks that the traction company be required to remove its tracks, poles, wires and other equipment and property from the streets and "to leave the streets in proper condition."

The petition sets forth that fares were increased in June, 1919, contrary to provisions of the franchise, and that the company now proposes a further increase. The old franchise expired Monday. Federal Judge Sater probably will consider the case after he returns to Columbus, August 15.

FOUR WOMEN HELD AS SHOP LIFTERS; GOODS WORTH \$10,000 FOUND

CINCINNATI.—With the arrest of four women on charge of larceny the police say they have broken up the most industrious band of shoplifters that ever infested Cincinnati stores. Goods including fur coats, silk sweaters, dresses, etc. all valued at \$10,000 were recovered by detectives from the home of one of the women. They confessed, police allege, to a long series of thefts.

MODERN PRISCILLA ROUNDED OUT BY HAT TRICK

NEW YORK.—(By United Press.)—No more need the stout ladies roll to reduce, nor the thin ones diet to gain. Dr. Millner has found a new way.

This was demonstrated at the fall promenade of the Retail Millinery Association of America here Thursday. It was hats that did the trick.

BABY OFFERED TO GAIN FREEDOM

Kidnaper of Coughlin Child Bar-
ters for Immunity

REVEALS THE HIDING PLACE

Prisoner's Woman Friend Now
Sought by Police

PHILADELPHIA, Pa.—"The crank" disclosed as August Pascol, of New Gretna, N. J., refuses to reveal the whereabouts of little Blakely Coughlin unless he is granted immunity in the kidnaping.

He is bartering now to exchange the child, stolen from his parents' home in Norristown on June 2, for his freedom. He is said to have gone so far as to admit the fifteen month old baby is hidden in Atlantic City.

Important developments in the case are expected Thursday following the disclosure early today that "the crank's" name is August Pascol, of French and Italian extraction, who recently lived in this city and since last week in New Gretna, N. J.

WOMAN SUSPECT LOOMS

An air of anticipation surrounds the home of George F. Coughlin, the missing child's father, on the Plymouth boulevard, outside of Norristown.

A woman, long suspected as having a part in the kidnaping, looms up afresh. An acquaintance of Pascol's says he knows Pascol had a woman friend. The state police and postal agents are now on her track and believe she has the child.

Pascol is still being grilled by the state police. He was taken to New Gretna after his capture Monday near Egg Harbor. The visit was admitted by Attorney McAvoy. "Pascol is the man and he was in New Gretna after his capture," said the federal official. "I can say nothing more at present."

HAD RIFLES AND LIQUOR

Pascol only recently bought a farm at New Gretna from William Gregory and drove from this city in a motor car last Thursday to take possession, according to W. H. Kelly, railroad agent at Tucker today near New Gretna.

Pascol took three or four rifles and a quantity of liquor to the New Jersey farm when he moved there last Thursday, said Kelly. "He removed the rifles quickly from the motor car into the farm house and did not appear to want any one to see them," Kelly added. "One of my men who was helping the Gregorys to move, spied the rifles and Pascol motioned him away from the car. He offered him a drink of gin, which my man said he refused. I understood Pascol took several quarts of whiskey and gin to the farm. I was not especially attracted to him until Monday, the day he was arrested. He came to the station early, long before the train for Philadelphia was due to leave."

"He sat in the waiting room, and I should say he had a good case of nerves. In his excitement he would drum his fingers, making a loud noise, so loud, in fact, I peered thru the window at him several times."

HONORS TO DEAD AVIATOR

FORT WORTH, Texas.—A military funeral will be held here Saturday for Ormer McKear, noted "stunt" aviator. Killed when his plane crashed at Los Angeles Monday, it was announced here Thursday.

The service will be under the auspices of the American Legion. There airplanes will drop flowers on the hearse enroute to the cemetery.

LETTERS

Write on Proposed Bond
Issue and Win One of
Three Cash Prizes

Already many letters have been received on why the proposed bond issue for river retaining walls should be carried at the primary next Tuesday. Three persons will receive cash prizes for the best letters. The author of the first best will be mailed a check for \$5 by The News and Times-Democrat; the person writing the second best will receive \$3, and the third best letter will draw \$2.

Everyone is eligible. There are no restrictions except that letters shall not be more than 300 words in length and that they should be signed by the author giving address. They should not forth reasons why the issue should carry. They should be addressed to the editor of this newspaper. Winners will be announced next Monday in The News and Times-Democrat.

This contest should appeal to school children as well as voters. Those who are not fully acquainted with the bond issue proposition may secure details from the mayor, service director or secretary of the Chamber of Commerce.

MAYOR WILL SIGN ORDINANCE

Satisfied With Car Fare Boost Af-
ter Confab With McClure

Mayor Frank A. Burkhardt expected to sign, same time Thursday afternoon the ordinance passed by the city council Monday night granting the O. E. an increase in city fares.

Following a conference with Vice President J. Harvey McClure when he arrived here from a business trip to Philadelphia at noon Thursday, Mayor Burkhardt announced they had practically reached a satisfactory agreement as to improvements to be made by the O. E. and that he expected to sign the ordinance, following a conference with the city solicitor.

Vice President McClure said the increase in fare would afford material relief and the company would take up at once contemplated improvements. These will include repainting and overhauling of cars, he said, and improvement of the roadbed of the tracks in Lima.

Mayor Burkhardt declared Thursday afternoon the only question at issue was whether the new rate is approximately what the company would receive under a cost plus ordinance. He declared the measure was only temporary relief for the company and a readjustment would naturally follow as soon as the reappraisal of the Ohio Electric property is completed and the company starts operation under the proposed new franchise.

McClure declared he would take the question of service on the Grand-ave line under serious consideration at once, and within a very short time would have a formal reply to make to council. He said in case service is resumed it will be merely as a test for a period of 50 to 60 days, until it is demonstrated whether or not the line will pay expenses.

Mayor Burkhardt declared Thursday that the business on the line would be checked, in case service is resumed, exactly the same as it would be under a readjustment, with the proposed cost plus charter.

DRY, LEAGUE MEN LEAD IN RACE

Liquor and Covenant Issues Fea-
ture Missouri Primaries

RETURNS NOT YET ALL IN

Estimated Vote Given by Inde-
pendent Republican Paper

ST. LOUIS, Mo.—(By Associated Press.)—Political interest in Missouri Thursday centered on the race for the Democratic senatorial nomination as returns of Thursday's statewide primary continued to drift in from the rural districts.

With unofficial, incomplete returns about 50 to 114 counties, and St. Louis, giving Breckinridge Long, a majority of 14,241 votes over former Federal Judge Henry S. Priest, the closest of his two opponents, the Globe-Democrat, independent Republican paper, by which the vote was compiled, announced that Long will win with a plurality which may exceed 10,000. His principal strength lies in the rural communities, returns indicate.

Long campaigned on a league of nations and law enforcement platform, Priest, anti-leagues and wet. Charles M. Hay who appears to be running about 18,000 behind Long, was endorsed by the Anti-Saloon League, and is pro-league.

The renomination of Senator Selden P. Spencer, Republican senatorial candidate, was conceded Wednesday night by the organization which promoted the candidacy of Dwight F. Davis, who, with Senator Spencer, led a three-cornered race. Prohibition also entered into the contest, Davis opposing the Volstead law, on which Senator Spencer voted to override President Wilson's veto.

CABLE SHIP LIES OUTSIDE LIMIT

British Vessel Awaits Permit to
Enter U. S. Port

MIAMI, Fla.—The British cable ship Colombia, chartered to lay the South American cable from Miami to Barbados in the British West Indies, will not enter American waters until permission is granted by the state department in Washington, according to advices received from the British ambassador, Sir Auckland Geddes, by A. H. Hubbard, British vice consul in Miami.

Hubbard was instructed in a dispatch from the ambassador to take command of the cable ship and keep it outside the three mile limit until further instructions from Washington.

Wireless connection has not as yet been established with the steam ship Colombia which left Newport News several days ago but it is believed that the ship is now off the Florida coast. The wireless station at Miami is endeavoring to get in touch with the cable ship and the United States destroyer 155 is held at the municipal docks to take the British vice consul to the Colombia as soon as it can be located.

BOY DROWNED IN DITCH

CINCINNATI.—Edward Brommer, 10 years old, son of James F. Brommer, painter of Oakley a suburb, was drowned last night in two feet of water in a ditch, into which he fell while playing.

His father, who was on duty at the time, saw the boy fall and tried to pull him out, but he was too late. The boy's body was found in the ditch and is now being kept in a cold storage room at the city morgue. The police are searching for the boy's mother, who is believed to be in the city.
